Professional Profile

Data Analyst and Mechatronics Engineer with experience in data analysis, visualization, and automation. I have worked with Python, SQL, Excel, Google Sheets, Tableau, and Power BI, applying them to organize, clean, and transform data to generate strategic insights.

Professional Experience

Junior Data Analyst | TripleTen Bootcamp Project March 2024 – December 2025

- Collected, cleaned, and structured large datasets using Excel and SQL to support business analysis.
- Built interactive dashboards in Power BI to visualize key performance indicators (KPIs) in sales and operations.
- Documented findings and presented actionable insights to stakeholders using clear data storytelling techniques.

Data Trainer | Outlier.ai

Remote · December 2024 – December 2025

- Trained AI models in multiple programming languages (Python, SQL, C/C++), evaluating quality and consistency in generated data.
- Implemented data validation and curation processes, improving the accuracy and scalability of machine learning models.
- Collaborated on international projects ensuring standardization of multilingual datasets.
- Developed quality reports and metrics to optimize workflows.

Internship | Bonafont

January 2023 – july 2023

- Analyzed maintenance data to support operational efficiency projects.
- Digitalized reports using Excel and Google Sheets, improving failure traceability.
- Identified production improvement opportunities through machinery data analysis.

Supervisor | Amazon

May 2021 – June 2022

- Monitored productivity and quality KPIs through internal dashboards.
- Implemented data-driven improvements that increased efficiency and reduced errors.
- Trained and led teams under performance-based metrics.

Educación

Bachelor's Degree in Mechatronics Engineering (2017–2023)
Universidad de las Américas Puebla

Data Analysis Certification – TripleTen Bootcamp (2025)
Key topics: Statistics, Machine Learning, SQL, Python, Data Visualization
Google Data Analytics Certification – Coursera (2024)

Languages

- Spanish – Nativo
- English – Avanzado

Habilidades Técnicas

- **Data Analysis & Visualization:** Tableau, Power BI, Excel, Google Sheets
- **Programming Languages:** Python (pandas, matplotlib, seaborn), SQL (queries, joins, optimization), C/C++
- **Automation & Control:** Siemens TIA Portal, PLC (Ladder, FBD, ST)
- **Software:** MATLAB/Simulink, LabVIEW, AutoCAD, CATIA
- **Core Competencies:** Data cleaning and transformation, dashboard creation, data storytelling, AI training, KPI analysis
